

União do Vegetal, 57 years

Our best gift is fidelity to the doctrine and loyalty to the friends

The União do Vegetal is celebrating 57 years since its recreation and it comes continuously expanding in an organized way, within the principles that Mestre Gabriel plotted for its course.

The best gift that we can offer to the União do Vegetal is our fidelity to the doctrine and to the teachings of Mestre Gabriel, whose source is the Science of Solomon, as well as loyalty to the friends and brothers and sisters in faith along this path.
